Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr Szuwalski and Mr Ehman argue that the prior art fails to teach the step of transmitting rental details to a selected rental vehicle, where the transmitted rental details includes driver identification linked to an identification of the selected rental vehicle. Mr Szuwalski also proposed to amend the independent claims to include the confirmation that a rental record exit when the selected rental vehicle approaches the exit security point. Further consideration/search will be required upon filing of a response.
